

Matfield Speeding

Location: Homebush, facing Paddock Wood

Period: April 1st till 30th, 2026

- A little under 8% of motorists were over 35 mph, the speed at which police can consider prosecution. This compares with the 9% seen when the SID was last at this site.
- Only one car was in excess of 50 mph, well below the 20 seen last time. This is out of the 75,000 cars that passed the Speed Indicator device in April.
