

Matfield Speeding (February/March 2024)

Location: Matfield Village Hall, facing Kippings Cross

Period: Three weeks from Feb 29 till March 10

Key Issues

Around 26,000 cars a week drive past the SID (Speed Indicator Device) at the village hall, of which around 30% were over 30mph. (West-bound data)

About 2000 a week (8%) were over 35 mph (Police definition of speeding) and 360 were over 40 mph.

In the three-week period, five drivers were over 55mph, all either early morning or late evening.
