

Brenchley Speeding: Oct 16th till Nov 14th

Brenchley Hall, facing Matfield

Cars exceeding 35 mph

Daily traffic flow past Brenchley Memorial Hall from Matfield was around 2,500, well below the previous month's 3,300. Possible reasons for this are school holidays and the seemingly never-ending roadworks in Matfield. Of these, 5% exceeded 35 mph, a little down on the previous report's 6%.

Excessive speeding: Around 620 cars (1%) exceeded 40 mph, a fairly normal level for this site. The percentage of cars exceeding 50 mph (38 vehicles) was also fairly normal. What was not normal was two cars exceeding 65 mph, one at 9pm on 18 Oct and one at 2.30am on 29 Oct. An accident at that speed could well result in serious injury.

Speed band	Date and Time
65 mph +	18/10/2025 21:05
	29/10/2025 02:30
60 mph +	28/10/2025 01:05
	03/11/2025 22:45
	09/11/2025 22:30
