

Brenchley Speeding

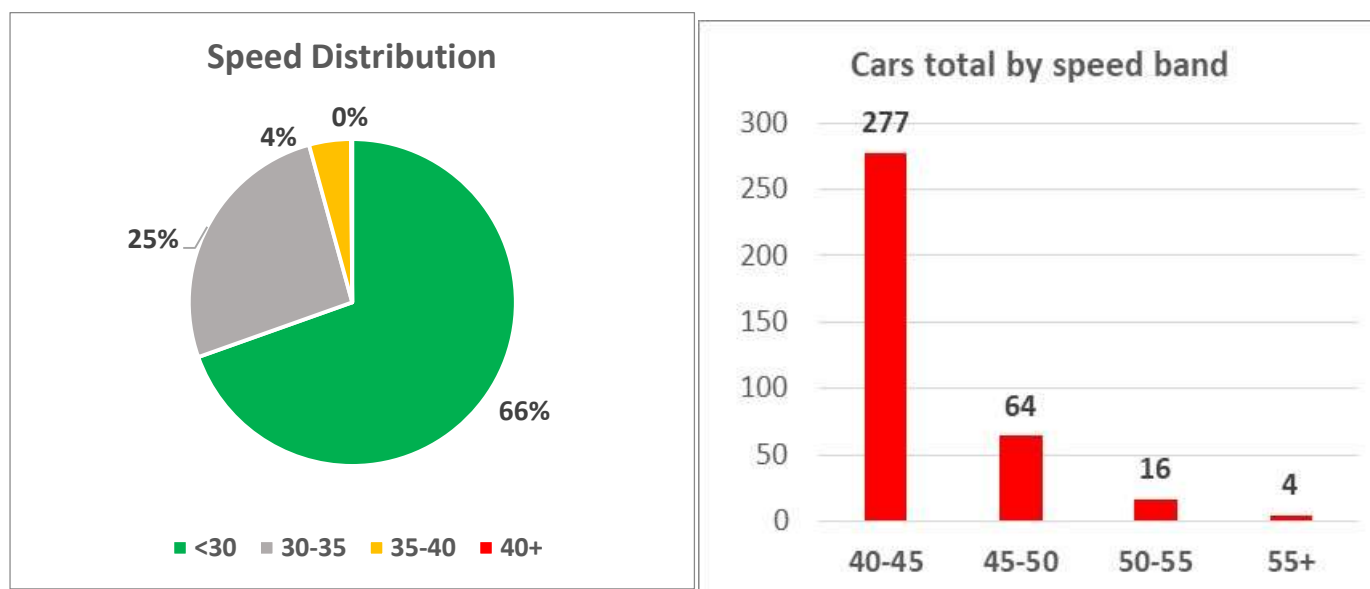

Corsica Villas: traffic coming from Matfield (Feb 5 till Mar 5)

5% of cars exceeded 35 mph

Around 2,200 cars a day passed the Speed Indicator Device (SID) coming from Matfield. Around 5% exceeded 35 mph, fairly typical for this site but around half the level for other sites in the parish.

Four cars over 55 mph

Four cars exceeded 55 mph, including one at over 65 mph. Two of them did so during “peak” hours (school hours and early evening) when traffic levels tend to be higher and more pedestrians are likely to be around. Driving through Brenchley in excess of 60 mph during lunch time is extremely dangerous.

Speed band	Date and Time
65 mph plus	16/02/2026 19:55
60 - 65 mph	03/03/2026 13:55
55-60 mph	06/02/2026 00:20 25/02/2026 23:45
50-55 mph	12/02/2026 19:05
Peak hours	14/02/2026 19:40 15/02/2026 12:45 23/02/2026 14:55 27/02/2026 12:15 27/02/2026 18:15 28/02/2026 17:10 03/03/2026 17:20
